

Behind the Curtain

Ibeyi

Where are you now? My man, my suitor
Out of my life for good Have you gone behind the curtain?
Be I so far, or very near, my baby just have no fear
Leaving me uncertain, I am here Where are you now? My man, my father
Far from my life for good, or in your ivory tower Have you gone behind the curtain?
Be I so far, or very near, my baby just have no fear
Leaving me uncertain, I am here We know to our fright, and delight
That the stars will still shine in the night
That's how you'll last for me all night
Forever in shadows, yet bright
Dear audience, sweet spectator
We're together for good
Or til I lose favour Have you gone behind the curtain?
Be I so far, or very near, my baby just have no fear
Leaving me uncertain, I am here Have you gone behind the curtain?
We are so far, oh very near
My baby just have no fear, I am here Ago Inle ago, ago Inle ago
Ago Inle ago ya, ago Inle ago ya
Ago Moyuba lorisha Moyuba o Moyuba lorisha
Ago Moyuba lorisha Moyuba o Moyuba lorisha
