

How Does It Feel

MS MR

It feels like sinking in
So unsure how to start
Where to begin?
Distress holds the knife
But I'm not afraid
Love lost delinquents
I'll hold the blade Fright as your crutch
Crimson turned white
No inch left untouched
Before i've had my first bite
Feels like sinking in We try and evade our heartless cage
This is no alarm for distress How does it feel
With my teeth in your heart
Don't back down again
No one leaves a scar quite like I can
How does it feel
When you've played your last card
We're in this together now
Come this far I won't let you down
I won't let you down How does it feel
Won't let you down
How does it feel
I won't let you down
How does it feel
Won't let you down All for something
All at once
The burdens we reap
Will be the promise that we keep
In the darkest hours I escape your eyes
In the haze and let these visions materialize How does it feel
With my teeth in your heart
No matter what you do
I'd shoot poison if it felt like you
How does it feel
When you've played your last card
We're in this together now
Come this far I won't let you down I won't let you down
How does it feel
Won't let you down

How does it feel
I won't let you down
How does it feel
Won't let you downPleasure in panic
Just seize and hold tight
My body will follow
If you hold my mind
Pleasure in panic
Just seize and hold tight
My body will follow
If you hold my mindHow does it feel
With my teeth in your heart
Don't back down again
No one leaves a scar quite like I can
How does it feel
When you've played your last card
We're in this together now
Come this far I won't let you downI won't let you down
How does it feel
Won't let you down
How does it feel
I won't let you down
How does it feel
Won't let you downI won't let you down
How does it feel
Won't let you down
How does it feel
I won't let you down
How does it feel
Won't let you down
