

St. Pauli

Art Brut

Friends, near complete family
At times they don't understand me
Birthday, Christmas they send all love
We both know it's just not enough I'd feel alive as part of a team
St. Pauli hear me scream Punk rock ist nicht tot
Punk rock ist nicht tot
Punk rock ist nicht tot
Punk rock ist nicht tot She can't say she loves me
Even though it's plain to see
I'm saying it to her
So she can say it back to me Sometimes our phone
Isn't quite what it seems
I'd have companionship
As part of the team Punk rock ist nicht tot
Punk rock ist nicht tot
Punk rock ist nicht tot
Punk rock ist nicht tot We are Hamburg school Sorry if my accent's flawed
I learnt my German from a 7 inch record
Sorry if my accent's flawed
I learnt my German from a 7 inch record
Sorry if my accent's flawed
I learnt my German from a 7 inch record Punk rock ist nicht tot
Punk rock ist nicht tot
Punk rock ist nicht tot
Punk rock ist nicht tot The kids don't like it, the kids don't like it
What else can we do when the kids don't like it
The kids don't like it, the kids don't like it
What else can we do when the kids don't like it
Ahh, yeah
