

# Ain't Got Time

## Curtis Mayfield

Child, I'm a fool for you  
Ain't too proud of that  
But when it comes to love and pride  
Pride is something that I seem to lack  
Our relations in danger  
And you act like a stranger  
But this time I'm not flyin'  
'Cause I ain't got the time  
Make a mess of me  
Which wasn't supposed to be  
We were supposed to change  
It couldn't be arranged  
Your mama's son  
And sisters do  
All here today  
Unite and true  
Say, exit left  
I'll help myself  
Distrust your sign  
Ain't got no time  
Playin a fuse  
And your engine cuttin loose  
I won't say that we're losing  
It's just of mutual chosen  
Cause what is yours, is mine  
It's just yours and not mine  
Your not goin to mess up my mind  
Cause I ain't got the time  
Our love have gone to blow  
Can't get hung up no more  
And now ain't nothing left  
Get up and help yourself  
You double crossed  
Your love was false  
Ignored advice  
And blew our life  
Your useless prayer  
I cannot bear  
It wasn't fair  
You should have cared  
Ain't got it [6x]  
Your mama's son  
And sisters do  
All here today  
Unite and true  
Say, exit left  
I'll help myself  
Distrust your sign

Ain't got no timeAin't got it [4x]You double crossed  
Your love was false  
Ignored advice  
And blew our life  
Your useless prayer  
I cannot bear  
It wasn't fair  
You should have cared
