You will arrive

Magdalen Graal

What is my life and where is it?
I will ask you
In my mind wars and fighting
Dark or light youâ€™re in me

And your skin your eyes
Your name your smile
If you look like me

I donâ€™t know if we are the same
But my passion is in your life
A love will never die

Whatâ€™s your life and tell me where it is
You will ask me
Now that you are in my dreams
For you I will sing

And your skin your eyes
Your name your smile
If you look like me

I donâ€™t know if we are the same
But my passion is in your life
A love will never die

I donâ€™t know if we are the same
But my passion is in your life
A love will never die

Iâ€™m waiting for you I know you will arrive
A love will never die
Iâ€™m waiting for you I know you will arrive
Iâ€™m waiting for you I know you will arrive
Iâ€™m waiting for you I know you will arrive
Iâ€™m waiting for you I know you will arrive
