What It Is (strike A Pose)

Lil Mama

I'm what it is, I'm what it is, I'm what it is
Ha hah, eh hah, eh hah, ha ha
I'm what it is
What it is, what it is, what it is
What it is, what it is, what it is
Ha hah, eh hah, eh hah, ha ha
I'm what it is
Fresh for the block, Friday nights, party nights
Fresh for the block, 'cause everybody in the party
Straight from the block but what they gon' stop?
My duty wind is sick, my heel toe with twist-a 360
This is
(Non playwitable)
My doo-wop is sick, hit that then hit the 360
This is
(Five stacks critical)
And I ain't tryna brag to you
(Nah)
And I ain't definitely tryna keep up, 'cause I'm ahead of you
Walk, krump and I murder you, magic with a verse-a, dude
And that's just somethin' that ain't changed yet, straight wreck
On anybody talkin' material 'cause I take checks
So let's, make this a foreclosure
Been where you nevah, been real and the game's ovah
Y'all mo' the, crust of these rap chicks
(Yeah)
Peep what it is but they not like this, I'm what it is
She's fine
(She's fine)
She sexy, cool and don't n'am dudes
Know what to do with her
(Know what to do with her)
(I'm what it is)
All these chicks can keep hatin'
But they know that they can't fool with her
(They can't fool with her)
(I'm what it is)
She hit the spot and shut it down
(Down)

No messin' around, strike a pose, girl
(Aw yeah, aw yeah)
Strike a pose, girl
Now get off, get off
(I'm what it is)
"She's so aggressive, the girl pressin"
(I'm what it is, woah)
"But she's a wack adolescent"
(I'm what it is, woah)
Successin' is my only mission
It's impossible for anybody, come and get it
Definition of raw talent and I write all bars
Flay cars in the hood they call me No Holds Barred
Born star like my lil' brother Onstar
And I will, eat you rappers plus the candy's inside
Lil' Mama nicka-nicknamed Dharma [Incomprehensible]
I'm a truth in the booth
(Shawty gets loose)
And they way I eat guys so mean
"Lil' Mama, you're so mean", so?
I like to rock the party and I like to rock the show
When they step into my league, I gotta use all force
When you start tryin' to play with my brain like I'm crazy
Oh baby, that's when it's rock-a-bye baby

She's fine
(She's fine)
She sexy, cool and don't n'am dudes
Know what to do with her
(Know what to do with her)
(I'm what it is)
All these chicks can keep hatin'
But they know that they can't fool with her
(They can't fool with her)
(I'm what it is)
She hit the spot and shut it down
(Down)
No messin' around, strike a pose, girl
(Aw yeah, aw yeah)
Strike a pose, girl
Now get off, get off
Why don't you come around here, dawg?
Look for me, type ease in bees we breeze
Pass your team, 'cause I been to where you sightseeing
Nothing that you do or could ever do to excite me

Can't see, like we know maybes or more than likely
She gon' have flow [Incomprehensible]
Which means I got flow sick disease
Which means I have no sympathy
No antidote, y'all heard of me
Please, with these CB-4 chicks
Before I get up on some see mo', feed me mo'
This is what I been sayin' for some time now
(Time now)
If anybody got an objection, time's now
Mo' fitted and mo' stroll 'cause she's on
She's on
(What?)
She's on
Wake up in the mornin', go to sleep at dawn
My mama shoulda named me Dawn, ah-uh-uh, on
Either way, I woulda been a trip, the way I flip
(Yeah)
The script and switch then get down like this
I'm what it is
She's fine
(She's fine)
She sexy, cool and don't n'am dudes
Know what to do with her
(Know what to do with her)
(I'm what it is)
All these chicks can keep hatin'
But they know that they can't fool with her
(They can't fool with her)
(I'm what it is)
She hit the spot and shut it down
(Down)
No messin' around, strike a pose, girl
(Aw yeah, aw yeah)
Strike a pose, girl
Now get off, get off
I'm what it is, I'm what it is, I'm what it is
Ha hah, eh hah, eh hah, ha ha
I'm what it is
What it is, what it is, what it is
What it is, what it is, what it is
Ha hah, eh hah, eh hah, ha ha
I'm what it is
