

My Dreams (feat. Tara Louise)

Masoud

Are you nearby
Are you waiting for me?
In the back of my mind
I know that one day we will beSlowly making our history
We'll be holding on for eternity
But you're not here yet so I'll be waiting
For you to find meYou're far away in the distant future it seems
When I'm awake you just live in my dreamsyoud live in my dreams you live in my
you live in my dreams you live in my
you live in my dreams you live in my
you live in my dreamsI forgot my past
I see you up ahead and I won't look back
But it's driving me mad
Cuz you're something I still don't haveI forgot my past
I see you up ahead and I won't look back
But it's driving me madCuz you're something I still don't have, until we'reSlowly making our history
We'll be holding on for eternity
But you're not here yet so I'll be waiting
For you to find me
