

# Grass Parade

## Future of the Left

singing along on the grass parade  
singing along cos you're worthless  
if you're worthless and you're all alone  
then the grass parade is priceless  
no father would differdesire first, desire first  
pennies for gold or pennies for red blood  
and oligarchysinging along on the grass parade  
wheezing along from the sidelines  
on the sidelines where it doesn't rain  
and the dad-bod is a real thing  
cos the public are revoltingdesire first, desire first  
pennies for gold or pennies for red blood  
and profit warnings
