I'll Never Be the Same

Podunk

Oh I had to go, go and search my soul
I took a road less traveled
And here I am again wishin' I had a friend
Now that my world is unraveledYou are the needle in my vain
You are the sun, you are the rain
Happiness and pain
I'll never be the sameOh I had to go, go and find my soul
Down this road that i've travled
And here we are again
Just like we were back when
Our love sparkled and dazzled
You are the needle in my vain
You are the sun, you are the rain
Happiness and pain
I'll never be the sameOh, I will never be the same
