Going on the Road

Madcap

you could make the change if u make it now not go to school not go to work just think to get the fuck out of this town just fuckin off.
Just want to go on the road with my friends
goin on goin on goin on the road
'cause i have nothin holding me back in this town
so im goin on goin on goin on the road goin on goin on the road
never wanted and more of my life. just to quit my job and grab my guitar and get out of this stinkin hole i call my home and goin on the road go on the road with my friends
