

Hurts (feat. Moko)

Kove

I don't know where you found enough room
You never try to find the time
I don't know where we went so wrong but
I think it's best we read the signs I don't know how it's come to this
We're somewhere between heartache and bliss
Do you remember?
The words that we said
We said forever, I can't forget it
I don't know any other way to make it work
'Cause baby it still hurts
'Cause baby it still hurts
'Cause baby it still hurts
'Cause baby it still hurts It's funny how things start to change us
The little things that pulls a smile
I don't know how we got to this place
Maybe it's best we read the signs I don't know how it's come to this
We're somewhere between heartache and bliss
Do you remember?
The words that we said
We said forever, I can't forget it
I don't know any other way to make it work
'Cause baby it still hurts
'Cause baby it still hurts
'Cause baby it still hurts
'Cause baby it still hurts
