

Smokin Meth

Frantic Flintstones

Smokin meth and dancin dead
I'm dancing in the sky
Morphine brothers are here,
getting you fucking high
Crack cocaine will drive you insane
you just can get enough
Experimental Deregimental
on the stuff

Taking crack and jacking smack
Jacking all the time
morphine brothers are here,
having a real good time
LSD, Simple weed
Just can't get enough
experimental deregimental
on the stuff

Smokin meth and dancin dead
I'm dancing in the sky
morphine brothers are here
getting you fucking high
Crack cocaine'll drive you insane
you just can get enough
Experimental Deregimental
on the stuff

Taking crack and jacking smack
jacking all the time
morphine brothers are here
blowing your fucking mind
LSD, Simple weed
Just can't get enough
experimental deregimental
on the stuff

experimental deregimental
on the stuff
