Love U

Blitzen Trapper

I love you baby
like a thief love money
like a wheel gotta roll
like a shoe got soul!I've been walking around, thinking about you
About the way you got to break me in two
Baby can you appreciate just what I've been through
YeahGirl I love you but you're made of clay
I should go back to the earth one day
Leavin' me to wonder in this broken down way
YeahYou're for this war

Sweeping through the western world we love
