

Tomorrow

Lisa Shaw

Does love feel real
Would you say
I'd find a way
To be there for you
And I'd stay
If you let me down
I'd be there
Again and again

It's all in the way
You make me feel
So many times
You're all I see
Maybe the one
You're love ain't around
Maybe the time
Will never come down

I wanna to get to know you better
You're love ain't around
Maybe the time
Will never be found

I wanna to get to know you better
You're love ain't around
Maybe the time
Will never come down

I wanna to get to know you better
You're love ain't around
Maybe the time
Will never be found

I wanna to get to know you better
You're love ain't around
Maybe the time
Will never come down

Oooh, oooh
Oooh, oooh

Oooh, oooh

I do

I wanna to get to know you

Maybe the time, mmmm

I wanna to get to know you

Maybe the time, mmmm

Oooh, oooh

Oooh, oooh

Oooh, oooh

I do

I do

I do
