Love-Less

Paul Weller

Midnight star
Light the way
For thoughts that change
Like night to dayAnd bless the course
That runs in time
No matter how far
Shine my wayI gotta need to be loved
Yes, I want to be loved
Oh, I gotta need to be loved
Yes, I want to be loved
Like anyone elseGo bring the night
Go bring all your thunder
Nearer the light
Shine here amongst usNo matter the flight
Fill me with wonderI gotta need to be loved
Yes, I want to be loved
Oh, I gotta need to be loved
Yes, I want to be loved
Like anyone else
Like anyone else
Like anyone elseNo matter how far
Shine my wayI gotta need to be loved
Yes, I want to be loved
Oh, I gotta need to be loved
Yes, I want to be lovedI gotta need to be loved
Yes, I want to be loved
Oh, I gotta need to be loved
Yes, I want to be lovedI gotta need to be loved
Yes, I want to be loved
Oh, I gotta need to be loved
Yes, I want to be loved
