# Evil Ways

## Obituary

Write down! what I say!
Fall back the evil way!
Hold on words of prey...
Burned in, the minds decay!
Stand forth, lies pay!Fall back, the evil, way!
Evil way, evil way, evil way, evil way!Peels off the outer skin!
Reveals of burns within!
Countdown souls to pay!Fall back, the evil, way!
Evil way, evil way, evil way, evil way, they get their way!Write down what I say!
Fall back, the evil....way!Evil way, evil way, evil way, evil way!
