Godiva

Lizzy Borden

Come save me from the burning,
Ride against these dire times
Versus all apathy and disregard
Yielding new hope to all the fallen ones
To all the Silenced, To those UnheardA sign of hope in peaceless times
A shining light among the darkest Knights
Godiva, Your silent rage will bury them
Godiva,Promise me, convey our hate and screams!Will You bury them,Godiva Will you Bury them
No truth will ever reach them, No world will ever
Touch him, a life beyond all sympathyOne day tide is turning
And nothing will be left for them
Of all their vanity, of all this Selfishness
Godiva, will you bury them, Lady Godiva
When will you ride againNo truth will ever reach them
No world will ever touch him
A life beyond all sympathy
