

Something Better

Martin Solveig

Ooh
My darling
I'm thinking
About how my life has changed, me and...
You
Our passion
Sensation
Feel like am a different man now
Ooh
So strong
For too long
I've been searching for a girl like...
You
Change it all
Since I found you... really made it better
I've run for something better
I've dreamt of something better
I found something better
You are something better for me
I've run for something better
I've dreamt of something better
I found something better
You are something better for me
Something better
You are something better for me
Now
I'm caught up
So tied up
But don't be a player baby or I could wait for
More
Battle and Action
I'm checking your reaction
Cause I wanna do it and
I want you to be happy with it
I don't care
It sounds fair
To flee dismal reality cause
You
Change it all

Since I found you... really made it better
I've run for something better
I've dreamt of something better
I found something better
You are something better for me
I've run for something better
I've dreamt of something better
I found something better
You are something better for me
Darling I've been waiting all my life
And I'm so glad that I found you
You and I connect without a doubt
I'm so thankful for having you
Darling I've been waiting all my life
And I'm so glad that I found you
You and I connect without a doubt
I'm so thankful for having you
Darling I've been waiting all my life
And I'm so glad that I found you
You and I connect without a doubt
I'm so thankful for having you
You are something better for me
I've run for something better
I've dreamt of something better
I've run for something better
I've dreamt of something better
Cause you are something better for me
You're something better for me
