Night People

Voynich

------Night People------"Wanna hear a scary story?""Wickedness isn't gender-specific you know. At least not in my experience.""Can you just tell me what I need to tell you?"
- "Just tell me what you like, or, or what you'd be interested in trying. The more honest you are with me, the more enjoyable the experience will be.""Anyway who goes to the trouble of burying a hoax?"
-"No-one. And that's what bothers me.""We light this shit-box up in about an hour, but we do it well, leave no trace of foul-play, and they get the insurance dough.""It's an old house this one, I bet these walls could tell a few tales...""Do you really believe the story that this place is worth more burned to the ground?"
- "No. But I believe good people will do bad things; especially when they're desperate."
"I'm not sure I buy that."
- "So why are you here then?"- "Nonsense! We're here for the buzz, the vivid experience."Outsiders, loners, freaks, weirdos and criminals. People that dance the fine line between the accepted norms of society. Night People. Like us"("Still think it's a hoax now?")
