Boys & Girls

Magic Jake and the Power Crystals

Baby, baby, baby, baby, baby, baby, baby, baby...

She wants to go fast
And never come back
And never collapse
And he's a real animal
Gone out of control
Who'd rather die young than get old

Baby, baby, baby, baby, baby, baby, baby, baby...

(And they danced like they were...)
Boys and girls
They dance like it's the end of the world
Boys and girls
They dance, dance, dance
Boys and girls
Who know it's the end of the world
Boys and girls
They dance, dance, dance

She's in designer jeans
On amphetamines
And wants you badly
And he's a real cannibal
And suicidal
Eratic on heavy metal

Baby, baby, baby, baby, baby, baby, baby, baby...

(And they danced like they were...)
Boys and girls
They dance like it's the end of the world
Boys and girls
They dance, dance, dance
Boys and girls
Who know it's the end of the world
Boys and girls
They dance, dance, dance
