

Watch You (feat. Pitbull & Disco Fries)

[Clinton Sparks](#)

Can I just watch you, if you don't mind
Can I just watch you, if you don't mind, mind, mind, mind
Can I just watch you, if you don't mind
Can I just watch you, if you don't mind It's like I'm* mesmerized by you, I'm caught up in your spell
I can't take my eyes off you and what you do so well
It's like the whole world just turned down
Bodies all I hear, admiring your sound
It plays so loud and clear I just watch you, if you don't mind
Yeah I'll just watch you, if you don't mind, mind, mind, mind
Yeah, oh oh, oh oh oh oh oh,
Yeah, oh oh, oh oh oh oh oh,
Yeah, oh oh, oh oh oh oh oh,
Can I just watch you, if you don't mind.
