

Never Do Anything

Barenaked Ladies

Wiped out down the stairs
I'll bet you there's a song in there
I'm not sure I'm prepared
To write it down That guy should be me
I'd look much better on TV
Then the world would see
That I can do anything I can be that, but soon you'll see that
I will never do anything Let's play tic tac toe
I'll play X, you can be the O
Thoughts of turning pro
Have crossed my mind I could make a mint
Fill my pockets with more than lint
I'll give you a hint
It involves the internet I can be that but soon you'll see that
I will never do anything
I can be that but soon you'll see that
I will never do anything Don't write me off as an also ran
Just mark me down as an angry man
Got a big chip, you want a fat lip?
How 'bout a mouthful of chiclets? Life passed me by, but it's not my fault
I'll lick my wounds, could you pass the salt? I can be that, but soon you'll see that
I will never do anything
I can be that, but soon you'll see that
I will never do anything If I were the king
All my subjects they would dance and sing
They could kiss my ring and kiss my ass
When I'm old and gray, I'll look back on my life and say
"Give me one more day, and I'll still never do anything" I can be that but soon you'll see that
I will never do anything
I can be that but soon you'll see that
I will never do anything
I can be that but soon you'll see that
I will never do anything
I can be that but soon you'll see that
I will never do anything
