Lie with Me

Roan Yellowthorn

If you lie
Lie here with me
Don't walk away
Don't go away from me
And if you sleep
Sleep here with me
Don't start to leave
Don't go away from me

If you're here
And here's where you want to be
Then just stay here
Don't go away

Sometimes you lie
You lie about where you go
You lie about where you been
And our steps don't fall in line
I don't know where you're going
What you're doing
When you're there

I need you to lie
But don't lie through your mouth
Don't lie through your teeth
Just lie down right here with me
It'll be ok
We can lie all day you'll see
That kinda lyin' don't bother me

If you wanna be
Be in another place
Then I guess that's your choice to make

Who knows how long
It'll be
Before you come back
To me

If you're here

And here's where you wanna be
Then just stay here right near to me

Why do you lie?
You lie about where you go
You lie about where you been
And even when my heart is on the line

If only you'd lie here
I'd lie next to you
That kind of lyin'
Wouldn't hurt me all the time

Every lie that you tell me
Is harder than the last
To let it go
Everything you're not saying
If you want this to last
Let it show

I need you to lie
But don't lie through your mouth
Don't lie through your teeth
When your heart is next to mine
I'll keep you here
I'll let you lie with me
Lyin' here with you I feel just fine
I'll forget about your lies every time

If you wanna lie
Lie here with me
Don't go away
Don't go away from me
Just stay here
If here's where you wanna be
Ya, I'm lyin' here believing that you're mine
When you lie I believe it every time

Ya I'm lyin' here believing that you're mine
When you're here I believe it every time
