Dead Sea

The Lumineers

I stood alone upon the platform in vain
The Puerto Ricans they were playing this salsa in the rain
With open doors and manual locks
And fast food parking lots
I headed west I was a man on the move
New York had lied to me I needed the truth
Oh I need somebody I needed someone I could trust
And I dont gamble but if you did I would bet on us
Like the Dead Sea
You told me I was like the Dead Sea
Youll never sink when you are with me
Oh lord like the Dead Sea
Oh oh Im like the Dead Sea
The finest words you ever said to me
Honey cant you see, I was born to be
Be your Dead Sea
You told me you were good at running away
Domestic life had never suited you like a suitcase
You left with just the clothes on your back
Took the rest when you took the map
Yes there are times we live for somebody else
Your father died and you decided to live it for yourself
You felt you just felt it was time
But Im glad
Because you with cats? Thats just not right
Like the Dead Sea
You told me I was like the Dead Sea
Youll never sink when you are with me
Oh lord Im your Dead Sea
Oh oh Im like the Dead Sea
The nicest words you ever said to me
Honey cant you see I was born to be
Be your Dead Sea
Ive been down Ive been defeated
Youre the message I will headed
Will you stay, would you stay the night? Whohoo
Dead Sea
Told me I was like the Dead Sea
Youll never sink when you are with me

Oh lord Im your Dead Sea
Oh oh Im like the Dead Sea
Nicest words you ever said to me
Honey cant you see
I was born to be
Be your Dead Sea
