Why We Fight

Military Arcade

This is why we fight,
We fight to save your life,
Put them all to shame,
It's such a shame it went this wayThis is why we fight,
We fight to save your life,
Put them all to shame,
Gone awayThis is why we run,
From the smoking gun,
Pick up all the pieces left in my mind,
And throw them all awayThis is why we fight,
We fight to save your life,
Put them all to blame,
It's such a shame it went this way
