Body Language

FireHouse

Give me a wink give me a nod
I've got your number
And I can read you like a book
Don't say a word don't make a sound
I know what you're thinking
You're giving me those dirty looks Don't tell me what you want
I know what you need
Just let your body talk to me
I can see it in your eyes
You don't have to verbalize
'Cause I can read your Body Language
You don't have to say a thing
i know exactly what you mean
'Cause I can read your Body Language
Give me a smile walk my way
I can see right through you
And we haven't even met
You bite your lip you turn me on
I hear heavy breathing
And I can see you start to sweat
Don't tell me what you want
I know what you need
Just let your body talk to me
I can see it in your eyes
You don't have to verbalize
'Cause I can read your Body Language
You don't have to say a thing
i know exactly what you mean
'Cause I can read your Body Language
I can see it in your eyes
You don't have to verbalize
'Cause I can read your Body Language
You don't have to say a thing
i know exactly what you mean
'Cause I can read your Body Language
The way you look at me is like mental telepathy
'Cause I can read your body language
When we start to move that way
There's just nothing left to say

Now we are speaking Body Language
