

Stupid Love Games

[Celeste Buckingham](#)

I can't tolerate you and your stupid love games
make me wanna go insane
but I can't help myself
I don't want no one else
baby sing my name
baby play stupid love games
but I just can't say goodbye
oh it's an awful shame
how you want to say my name
this to you is all a game

Ref:

I can't tolerate your stupid love love games
everytime you call I feel like I'm insane
I just can't quit with you leave my life alone
I just tolerate you tolerate you tolerate
hey, so confusing baby i just can't keep my head from turning round & round
you always forget my birthday
I can't believe to keep sinking down, down, down
but I just can't say goodbye
oh, I can't tolerate you and your stupid love games
make me wanna go insane

Ref:

I can't believe that I took so long to see who you wanna be
It's hard not to let it go but I know it's only matter of time
till you're out, out of my life
