Wasted

Lucero

I wasted my hands, I wasted my heart, and the night, is so cold
Wasted my tears, and wasted my words, and I wish I cold hold
You tonight, just tonight, well it wont be tonight
Wont be tonight Wasted my fists, I wasted my arms
Hell, these tattoos will slowly fade, Wasted my strength,
And I wasted my youth, and Id trade the rest of my days for you tonight
Just tonight Well it wont be tonight, wont be tonight
One day Ill stop wastin my life away Hell, Ill come through for you
Prove myself to you, Girl Ill show you what I can do, One day Ill stop wastin my
Life away, And Ill come through for you, Prove myself for you
Girl Ill show you what I can do, well it wont be tonight.
It wont be tonight, wont be tonight, wont be tonight
Girl, it wont be tonight, wont be tonight.
