Heart, Mind And Soul

El Debarge

Lord, I come to need you
More and more each day
Other need to share that you lead a way
I'm into you it's on my face
That's why I'm giving you
[Chorus:]My heart, my mind, my soul
Oh Lord
My heart, my mind, my soul
Oh Lord
You gave it all up for love
When everybody else was holding back
But most of all you gave me joy
Even when I stood on shakey ground
Fulfilling evey need, you never let me down
No greater love have I found
I trust you from the bottom of
[Chorus]Oh, I was lost and lonely

As I struggled through darkness searchin' for the light
You loved me like your one and only
Oh lover, oh Lord, I'm giving it to you
Even though my friends turned their back on me
You were there, you took me in your arms
And you showed me that you cared
You gave me hope for tomorrow
You took away all of my sorrow
And I love you from the bottom of
[Chorus]Oh Lord, how can I show you how I feel, oh
I want to be your servant
Give you all my love
Show me what to do everyday
I live my life before you
Show me how to live
Show me how to love
Teach me how to deal with all of
[Chorus][Ad lib: until fade]
