# Pretty Girl

## Hailey Verhaalen

Pretty girl donâ€™t be so blue
I know what youâ€™re going through
All you want is for him to care
But when you look up he isnâ€™t there
Uh huh, oh yea

Youâ€™re too pretty to let him make you cry
And to turn around to tell him itâ€™s alright
You canâ€™t keep letting him do this girl
When somebody else would love to make you his world

Chorus:
So when he calls you and tries to stop you
Youâ€™re gonna let that phone ring
Take the high road, let that boy go
Itâ€™s time to spread your wings
Cause you're beautiful, wonderful, perfect and strong
Pretty girl pretty girl pack your things
And move on
Move on

Pretty girl donâ€™t be so shy
Get dressed up weâ€™re going out tonight
Iâ€™m gonna show you how to paint this town
And help you forget who youâ€™re thinking about

Chorus:
So when he calls you and tries to stop you
Youâ€™re gonna let that phone ring
Take the high road, let that boy go
Itâ€™s time to spread your wings
Cause you're beautiful, wonderful, perfect and strong
Pretty girl pretty girl pack your things
And move on
Move on

Bridge:
Now I have been there
Thinking that heâ€™ll change
But you deserve so much more than a guy
Who leaves you standing in the rain

Chorus:
So when he calls you and tries to stop you
Youâ€™re gonna let that phone ring
Take the high road, let that boy go
And when he calls you and tries to stop you
Youâ€™re gonna let that phone ring
Take the high road, let that boy go
Itâ€™s time to spread your wings
Cause you're beautiful, wonderful, perfect and strong
Pretty girl pretty girl pack your things
And move on
Move on
Move on
