

# Last Nite Regrets

## Home Grown

A night of no rest, I was laying on her breast  
A morning of regret, I realized I slept with my friend  
A silent goodbye, she gave me no reply  
I asked for a kiss, she answered with her fist I fucked up again, I lost another friend  
I am a user, I didn't mean to lose her  
I couldn't keep my pants on and she's hating me  
Unable to think, had one too many drinks When we were in bed, I was using my other head  
Hating myself, I gave her no respect  
I'm feeling like a pig, regretting what I did  
I saw her again, she used to be my friend No conversation, I had no explanation  
She looked me in the eyes and she said to me She said, "It's over", she said, "It's over"  
She said, "It's over, don't talk to me"  
And I said, "I'm sorry, I'm sorry" She said, "It's over", she said, "It's over"  
She said, "It's over, don't talk to me"  
And I said, "I'm sorry, I'm sorry" She said, "It's over", she said, "It's over"  
She said, "It's over, don't talk to me"  
And I said, "I'm sorry, I'm sorry"
