

Close To The Flame

HIM

The kiss sweetest
And touch so warm
The smile kindest
In this world so cold and strong So close to the flame
Burning brightly
It won't fade away, leave us lonely The arms safest
And words so good
The faith deepest, yeah
In this world so cold and cruel So close to flame
Burning brightly
It won't fade away, leave us lonely So close to flame
Burning brightly
Won't fade away, leave us lonely Close to the flame
Burning brightly
Won't fade away, leave us lonely
