I was missin' in action on the side of a carton
I was taken in a Datsun from a street in Acton
I was missin' in action on the side of a carton
I was taken in a Datsun from a street in Acton
I was sippin' on a Rubicon, thinkin' 'bout where I come
It's all this for revolution
Cuttin' up the coupon, savin' for a telephone
Can I call home? Please, can I go home?
I was sippin' on a Rubicon, thinkin' 'bout where I come
It's all this for revolution
Cuttin' up the coupon, savin' for a telephone
Can I call home? Please, can I go home?
Painted nails, sunsets on horizons
Palm trees, silhouette smells amazing
Blindfolds under home-made lanterns
Somewhere in the Amazon, they're holding me ransom
Painted nails, sunsets on horizons
Palm trees, silhouette smells amazing
Blindfolds under home-made lanterns
Somewhere in the Amazon, they're holding me ransom
Hello, this is M.I.A., could you please come get me?
Hello, this is M.I.A., could you please come get me?
Hello, this is M.I.A., could you please come get me?
Hello, this is M.I.A., could you please come get me?
Smokin' on a Benson, tryin' to get me undone
Let me go, I don't want your attention
Under submission, out of frustration
I'll do it, I'll scream for the nation
Smokin' on a Benson, tryin' to get me undone
Let me go, I don't want your attention
Under submission, out of frustration
I'll do it, I'll scream for the nation
Painted nails, sunsets on horizons
Palm trees, silhouette smells amazing
Blindfolds under home-made lanterns
Somewhere in the Amazon, they're holding me ransom
Painted nails, sunsets on horizons
Palm trees, silhouette smells amazing
Blindfolds under home-made lanterns

Somewhere in the Amazon, they're holding me ransom
Hello, this is M.I.A., could you please come get me?
Hello, this is M.I.A., could you please come get me?
Hello, this is M.I.A., could you please come get me?
Hello, this is M.I.A., could you please come get me?
Minutes turned to hours and became our dates
When we shared raindrops that turned into lakes
Bodies started merging and the lines got gray
Now, I'm looking at him, thinking maybe he's okay
Minutes turned to hours and became our dates
When we shared raindrops that turned into lakes
Bodies started merging and the lines got gray
Now, I'm looking at him, thinking maybe he's okay
Hello, this is M.I.A., it's okay, you forgot me
Hello, this is M.I.A., it's okay, you forgot me
Hello, this is M.I.A., it's okay, you forgot me
Hello, this is M.I.A., it's okay, you forgot me
Hello, this is M.I.A., it's okay, you forgot me
Hello, this is M.I.A., it's okay, you forgot me
Hello, this is M.I.A., it's okay, you forgot me
Hello, this is M.I.A., it's okay, you forgot me
