I'm The Only One

Twiztid

[Monoxide Child]
I should have knew she was a freak by the walked
And when I talked to her it was like she never got caught
To this day, she swear to God it wasn't shit
Unless she straight up just tripped and fell up on a fat dick
I know I been around the block a few times
So I really didn't mind that her mouth had some stretch lines
She had me thinking I'm a straight up Mack
When in fact, I'm just another who can hit it from the back
And attack her intestinal track and leave a puddle of spat
Down the middle of her pimpled ass crack
And then smack, I had to give that bitch a black eye
Because the pussy just don't feel right, don't know why
I thought I was the shit and had this all on lockdown
Come to find out that my girl's just a cockhound
I couldn't deal with it, I had to bail out quick
Because that bitch just love sucking strange dick[Chorus x2]
She said I'm the only one
...Said I'm the only one
...Said I'm the only one
Fuck You![Shaggy 2 Dope]
What up young freaky freak tantalizing tender?
Ain't seen you in a week and you know I'm on the tether
Whatever. I'm free at 3:45, remember?
I'll call you around 8:00 and we can get together
Damn, now this bitch she should do a thing or two
Grabbed my meat and did the Electric Boogaloo
Awww shit! What the fuck she did?
Had my nuts kick stepping and my wang did the Jig
That ain't shit, check it out homie
Pull my wallet out my pocket and check my I.D.
For sure, just to make sure it's me
And I'm a Michiganny coming straight from the D
We dicked it up, we dicked it down
I hit it from the back, she gave me ridges around
But fuck all that, instead I have her a call
fucking PAUL!?[Chorus x2]
She said I'm the only one
...Said I'm the only one

...Said I'm the only one
Fuck You![Jamie Madrox]
Son of a bitch
This bitch got big old hickies on her neck
And dick on her breathe
Trying to kiss me talking about "Hey boo..."
What the fucks wrong with you? (Dumb Bitch!)
You could have brushed your teeth after licking his balls
You could have had the decency to give me a call
I was worried like a motherfucka hoping you was straight
While you was sucking and fucking some strange trouser snake
I thought I was the only python in your thong, bitch
That's the same pussy that I put my fucking tongue onto it
Exactly how long that this been happening?
You going around and me just for action
What am I? Some kind of dumb lame fuck?
Or just another dick in your butt?
Say something
Were you trying to crush my heart just for fun?
It was my fault for thinking when I thought I was the only one[Chorus x2]
She said I'm the only one
...Said I'm the only one
...Said I'm the only one
Fuck You!
