

# Sweet Lovin' (feat. Anna-Luca & Iain Mackenzie)

## Club des Belugas

So many different ways to love,  
As many as the stars above  
But, you love me just the right way  
I feel it in every word that you say  
Baby, baby we've got somethin' fine  
Can't believe I've found such love divine.  
Now I know you feel the same way too,  
'Cause no one's lovin's as sweet as is lovin you  
Sweet love, Sweet lovin'  
Sweet love, Sweet lovin'  
So many different ways to show  
How I feel as if you don't al'dy know  
Just need you here right by my side,  
Waitin' with my arms open wi-ide.  
Sweet love, Sweet lovin'  
Sweet love, Sweet lovin'  
Each day is a gift, our love so true,  
I'm just ashamed, oh of my self without you.  
I found my other half, and I'll never give it back.  
Sometimes it's hard, but baby hold on.  
After every dark night there will be a dawn  
and we'll find that we have grown in the mornin light.  
Sweet love, Sweet lovin'  
Sweet love, Sweet lovin'  
So many different ways to leave,  
And oh, so many ways to grieve.  
Oh babe I couldn't live without you,  
So let nothing come between us two.  
Sweet love, Sweet lovin'  
Sweet love, Sweet lovin'  
Sweet love, Sweet lovin'  
Sweet love, Sweet lovin'
