Miles Away (Rock-O-Rama 2015)

FACT

Something that seemed so distant
Minutes and miles just melt away
Almost as if I'm dreaming
Colour appears from out of grey
A disconnect I'm feeling
Between The real... and make believe
Don't know just how I did it
Chances are here just to be seizedHold on!
There's only right here, there's only right now
There's only this moment
Let go!
And be in right here, be in right now
Be in this moment
Don't know just how I did it
but I made it happen
Taking chances, taking action
Think of the days and nights gone by
So many ways to waste our time
Think of the times we wondered why
So many ways, we'll be just fineNo, I don't regret a single second
It's so much better than I ever reckoned and...
