

# Circles (Elkoe Remix)

## Passenger

It's been years  
Since we carved our names  
On a clocktower door  
Before everything changed  
We were big eyed boys  
With the salt on our skin  
And we'd throw our kites to the wind And they'd fly on and on and on and on  
On and on and on and on  
On and on and on and on It's been years  
Since we whispered soft  
With the torch light on  
And the big light off  
We were tired boys  
With the soap on our skin  
And we'd fall asleep to the wind And we'd dream on and on and on and on  
On and on and on and on  
On and on and on and on Cos we're circles  
We're circles you see  
We go round round the sun  
In and out like the sea  
I'll circle round you  
You will circle round me And in years  
When the torch light thins  
And the clock tower's gone  
And the big light dims  
We'll no longer be boys  
We'll have lines on our skin  
And they'll throw our dust to the wind
