My Reality

Project Silence

Eden's whore
Slave of the pain
Prison of the flesh
Dirty
Lascivious
Inbred fearHer soul is infectedHer soul in the prison of flesh
Rips her flesh
Just to get out
Just to let her out of her lust
Just to get away from the pain
Just to get silence
Just to cut her soul away
Just to rip tears away
Just to make lust worseDeepest desire
So weak
So filthy
So sinful, playful
PainMy mouth in your ear
Your ear in my eye
Your eye in my mouth
Your soul withinThis is my own personal reality tonight, don't you see?3x You are my personal reality
