

# Scenic Pastures

## Archers of Loaf

Scenic pastures, nervous from your service marked conversation.

Seen it happen, a million times before.

Why do you want me to go?

Why don't you want me to know?

Why?

Scenic pastures, nervous from before me Scenic pastures, nervous from your service marked invitation.

Seen it happen, a million times before.

Why do you want me to go?

Why don't you want me to know?

Why?

Scenic pastures, nervous from before me
