

I Will Sing You Songs

My Morning Jacket

I will sing to you of greater things...
Money, gold, and diamond rings
Just don't make it last any longer than it has to Stories of the greater things...
Fill your heart and soul with tears
Just don't make it last any longer than it has to I will sing to you of greater things...
Money, gold, and diamond rings
Just don't make it last any longer than it has to Stories of the greater years...
What's in here won't disappear
Just don't make it last any longer than it has to
