Under My Voodoo

Sublime

Bein' your guy is a monster habit
You can hide your love, it's true
It's the fetal game, you can see it every day
Let your freedom hang free
Come on down, I know how
I'm gonna make you come through
Don't you know it ain't no thing you deplore
So don't take more than you need
It's something that I'll do later, now it's over now
It's under my voodoo
Under my voodoo
It's under my voodoo
Pray that I'll leave you high and dry
Pray you can magnify
If you're fated blood is in my prayers
I damn well feel it, are a lie
I'm tellin' the truth

It ain't no deal if you wanna give in like I, one thing though
Gonna get it for my, get it for my, get mine before it's gone
And I'm gone, it's gone, gotta get ya, got, got, got
It's under my voodoo
Under my voodoo
It's under my voodoo
Free Lord, God, voodoo
Lord hey, a voodoo
Lord, hey voodoo
What you wanna, wanna, wanna, wanna do?
Lord wanna wanna wanna
Got love I wanna get some piece of voodoo
Ba, de, from me, in you, ba, da
You, ah, oo, ah, oo, ah, ee, ee, ah, ah, oo, ah
Yeah, yeah, yeah, ooh
Right now
