

# Bad Deeds

## DevilDriver

It's ok It'll all be fine  
Just get your shit Leave it all behind  
Those faded doors  
Just never mind It's a waste of time  
Way out of line Media machine burned out  
Turned out Turn about the whereabouts  
Like a heavy  
Gonna lay it out  
Listen To the knockout!  
Torture tactics  
Drastic Fucking plastic So dramatic.  
Tragic Automatic Overactive  
Your antics Just scratched it! You deserve the noose!  
You're a bad person  
Bad deeds  
Bad karma  
Bad seed  
Stay away from me  
What will happen to the broken?  
To the lonely To the lost To the forgotten  
You're a bad person  
Bad deeds  
Bad karma  
Bad seed  
Stay away from me  
What will happen to the broken?  
To tire lonely To the lost To the forgotten  
BAD SEED!  
It's not ok  
It'll never be fine  
You got your shit  
Left a stench behind Those doors are closed  
So never mind  
You're a waste of time  
Way out of line!  
Media machine burn cut  
Turned out Turn about the whereabouts  
Like a heavy Gonna lay it out  
Listen To the knockout

Torture tactics Drastic  
Fucking plastic  
So dramatic  
Tragic Automatic Overactive  
Your antics Just scratched it! You're a bad person  
Bad deeds  
Bad karma  
Bad seed  
Stay away from me  
What will happen to the broken?  
To the lonely To the lost To the forgotten  
You're a bad person  
Bad deeds  
Bad karma  
Bad seed  
Stay away from me  
To the lonely To the lost To the forgotten Go against the grain  
The challenges of change  
The dying out will have their way  
So damn few are here to stay! Get lost  
To find yourself! You're a bad person  
Bad deeds  
Bad karma  
Bad seed  
Stay away from me What will happen to the broken?  
To the lonely To the lost To the forgotten You're a bad person  
Bad deeds  
Bad karma  
Bad seed  
Stay away from me What will happen to the broken?  
To the lonely To the lost To the forgotten  
BAD SEED!
