

Turn the Lights On

Big Sugar

I have had my share of lies
And some lonely, lonely nights
Lord, they didn't feel to right
Wanna reach a higher highThe sun is sinkin' like a stone
And it hurts to be alone
An you're the finest thing I've known
So won't you wake me up when you get homeTurn the lights on, baby
Before you lie down, baby
Turn the lights on
Turn the lights on, baby
Before you lie down, baby
Turn the lights onTurn the lights on, baby
Let it shine on, baby
Turn the lights on
Turn the lights on, baby
Let it shine on, baby
Turn the lights on, yeahAnd if I'm sleeping like a log
Just wake me up and I'll be a dogTurn the lights on, baby
Before you lie down, baby
Turn the lights on
Turn the lights on, baby
Before you lie down, baby
Turn the lights onTurn the lights on, baby
Before you lie down, baby
Turn the lights on
Turn the lights on, baby
Let it shine on, baby
Turn the lights onTurn the lights on, baby
Before you lie down, baby
Turn the lights on
Turn the lights on, mama
Let it shine on, mama
Turn the lights on, yeahWake me up when you get home
Wake me up when you get homeAnd turn the lights on, babe
Before you lie down, baby
Turn the lights on
And turn the lights on, babe
Before you lie down, baby
Turn the lights onAnd turn the lights on, babe

Before you lie down, baby

Turn the lights on

Let it shine on, mama

Let it shine on

Let it shine on, yeah
