

Tie You Up

[Nikki Sudden](#)

C'mon, lover!
Okay!Gonna tie you up
Gonna seal the knot
Gonna tie you up
To me.Gonna hold you down
Kiss you in your gown
Gonna love you up
Can't you see.So many things
That I've done in my time
So many things
Which you still keep in line.
Tie you up
Gonna break the glove
Gonna tie you up
With my love.Gonna tie you up
I'm gonna heal the knot
Gonna splice our love
For all time.There's been things
That I've done in my life
So many things
That were always worth the fight.So many things
That I've done in my life
I wanna tie you
To me for all time.Oh! God.
Lay down, honey
Lay down.Tie you up
Tie you up
For a while.Whatever!
Whatever happens, happens.
