

# Come in Alone

## My Bloody Valentine

Come in alone, you will love to let go  
And I'll turn you around  
When your hopes gave me doubts  
[Inaudible]Why I don't need to believe  
What you see to look up and around  
You were gone, words came out to a soundFeel, I'm alive  
You will see why I'm alive  
Felt like crying over her  
I will go to [Incomprehensible]Come in alone, you will love to let go  
And I'll turn you around  
When your hopes gave me doubts  
[Inaudible]
