

When The Beat Drops Out (Lulleaux Remix)

[Marlon Roudette](#)

When the beat drops out
And the people gone
We still be there, still be there
For me child And when the lights go out
And the morning come
We still be there, still be there
For me child When the beat drops out Life, happens when you're making plans
Flying high and shaking hands
A song will write you, you don't write it
I, didn't mean to fall in love
Was rhythm that created us
I was running, we collided Baseline, I will always make time,
I just wanna know that
Feelings in your heart for me
Baseline, after all the great times,
I just wanna know that feelings in your heart When the beat drops out
And the people gone
We still be there, still be there
For me child And when the lights go out
And the morning come
We still be there, still be there
For me child And when the beat drops out
And the people gone
We still be there, still be there
For me child And when the lights go out
And the morning come
We still be there, still be there
For me child When the beat drops out With you, I found a new way to live
I see an alternative
Now we started, we can't stop it
I, I didn't mean to fall in love
Last thing I was thinking of
Was you and me but, we collided Baseline, I will always make times,
I just wanna know that
Feelings in your heart for me
Baseline, after all the great times,
I just wanna know that feelings in your heart When the beat drops out
And the people gone
We still be there, still be there

For me child And when the lights go out
And the morning come
We still be there, still be there
For me child And when the beat drops out
And the people gone
We still be there, still be there
For me child. (We still be there for me) When the lights go out (when the lights go out)
And the morning come (morning come)
We still be there, still be there
For me child (we still be there for me) When the beat drops out When the beat drops out
When the beat drops out
