Love Like This

Freedom Church

My world comes alive when I hear you speak,
It bursts into colour,
The beauty of truth setting captives free,
A love like no other

My world comes alive when I see you move,
Breaking through barriers
Unstoppable love, never holding back,
A love like no other

Love like this won't ever let me go,
Love like this I've never known,
Love like this won't ever let me go.

I come alive, come alive in this love
I come alive, come alive in this love
This love, this love, this love

My world comes alive when I feel you near,
Your presence surrounding me,
The power of hope breathing life into me,
A love like no other

Love like this won't ever let me go,
Love like this I've never known,
Love like this won't ever let me go.

I come alive, come alive in this love
I come alive, come alive in this love
This love, this love, this love

Love like this breaks through my walls,
Love like this consumes my world,
Your love, your love.

You never let me go, you never let me go,
You never let me go.

I come alive, come alive in this love
I come alive, come alive in this love

This love, this love, this loveï»¿
