

Steal The Thunder

Loverboy

You've got to try a little harder
Shout a little louder
No one's gonna hear what you say
'Cause it's dog eat dog, winner takes it all
So don't you stand in my way
Oh, steal the thunder
(Steal the thunder)
Back me up against the wall
You want to drag me under
(Drag me under)
But I'm not about to fall
All you one shot wonders
We got your number
And I can see right through you
It's a fight to the finish, we're gonna win it
If that's the best you can do
Oh, steal the thunder
(Steal the thunder)
Back me up against the wall
You want to drag me under
(Drag me under)
But I'm not about to fall
The Denim Brigade is gonna have their day
The Denim Brigade is gonna get their way
The Denim Brigade is gonna have their say
Steal the thunder
Draggin' me under
No, you can't do it

Better watch what you say
Oh, yeah
You got to try a little harder
Shout a little louder
No one's going to hear what you say
'Cause it's dog eat dog and winner takes it all
So don't you stand in my way
Oh, steal the thunder
(Steal the thunder)
Back me up against the wall

You want to drag me under
(Drag me under)
But I'm not about to fall
The Denim Brigade is gonna have their day
The Denim Brigade is gonna get their way
The Denim Brigade is gonna have their say
Steal the thunder
(Steal the thunder)
Back me up against the wall
You want to drag me under
(Drag me under)
But I'm not about to fall
Steal the thunder, steal the thunder
(Steal the thunder)
Steal the thunder, steal the thunder
(Steal the thunder)
