

Great Expectation

Living Colour

Once I was
Yeah I was but now I'm not
Once I would
Yeah I would but now I won't
Once I could
Yeah I could but now I can't
Once I did
Yeah I did but now I don't

I'm lowing my expectations
I'm lowing my
I'm lowing my expectations
I'm lowing my

Once I tried
Yeah I tried, now I'm giving up
Once I care
Care so much, now I'm giving up
You can regret
Everything you've done and blame everyone
You can regret
Everything you've done and blame everyone

I'm lowing my expectations
I'm lowing my
I'm lowing my expectations
I'm lowing my

I was gonna change the world
World
I was gonna say the world
World
But I couldn't change the word/world
World
I couldn't say myself

Once a held it
I held it so close
Now I let it dry
Once a read

You know I always ran
And now I

I'm lowing my expectations
I'm lowing my
I'm lowing my expectations
I'm lowing my
