

I Skip Leg Day

Smart Boy

"Hey yo! Never skip leg day!"

I'm not the perfect singer
My biceps last for two
I lift my granny with one finger, baby
And she giggles when I do
I'm half a hunk, Half ballerina
But I don't care about that
Well, my legs look like a wiener
Cause I don't need no stronger legs

I'll be skipping leg day (I'm Skipping leg day)
I'll be skipping leg day (We're skipping leg day)
I don't really need it 'Cause on my way
The needles muscles is passe it, Say yeah yeah yeahâ€!
I'll be skipping leg day

But you know the bicep curls
They get you girls
Need squats nor jumping-jacks
Form these 1, 2, 3, 4, 5, 6-packs

Look at my belly, it's impressive
I'm washing puppies on my abs
While my upper part is massive
My lower part looks like a mess

On my way I am supported
For my bike it's got the props
Though my body looks distorted
My mommy loves my muscle top

I'll be skipping leg day (I'm Skipping leg day)
I'll be skipping leg day (We're skipping leg day)
I don't really need it 'Cause on my way
The needles muscles is passe it, Say yeah yeah yeahâ€!
I'll be skipping leg day (I'm Skipping leg day)
I'll be skipping leg day (We're skipping leg day)
